

SERENA SPA

Our Wellness Massages...

Our philosophy at Serena SPA is to let you be unique. Your body, your mind, your balance - all this creates your personal universe, and no one is more familiar with it than yourself. So why getting the same massage as anyone else? It is insane!

Before each procedure, we suggest you to get involved into a lively exchange with your beautician. This dialogue will help to elaborate together an approach, that will be used to provide you with a massage that suits your body best. Adapting to your emotions, your mood, your pains - it's up to you to define the areas of your body that need master's particular attention, or those ones that you would prefer to be avoided. Don't forget to indicate the force of pressure that you wish to be applied.
